# LUX GUARDIAN ANGEL

AIR PURIFICATION SYSTEM • SYSTÈME DE PURIFICATION D'AIR

**READ AND KEEP THIS MANUAL FOR REFERENCE PURPOSES  
CONSERVEZ CE MANUEL POUR VOUS Y RÉFÉRER**

This product earned the ENERGY STAR by meeting strict energy efficiency guidelines set by the US EPA. US EPA does not endorse any manufacturer claims of healthier indoor air from the use of this product.

Ce produit s'est mérité l'ÉTOILE ÉNERGÉTIQUE en rencontrant des normes strictes d'efficacité énergétique établies par le EPA (Agence de protection de l'environnement des États-Unis). Le EPA des États-Unis ne certifie aucune réclamation d'aucun fabricant à propos de l'obtention d'un air plus sain en utilisant ce produit.

# Important Safety Instructions

When using an electrical appliance, basic precautions should always be taken.

READ ALL INSTRUCTIONS BEFORE USING THIS AIR PURIFICATION SYSTEM

## WARNING

To reduce the risk of fire, electrical shock, or injury:

- Use only as described in this manual.
- Do not attempt to repair or adjust any of the electrical or mechanical functions of the Guardian Angel. Contact Aerus Customer Service for service information.
- Do not use filters other than authorized Guardian Angel filters.
- Do not use outdoors or on wet surfaces.
- Do not look directly at the UV light inside unit when operating. Eye damage may occur.
- Do not allow to be used as a toy. Close attention is necessary when operated by or near children.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by the cord, use cord as a handle, close a door on the cord, or pull the cord around sharp edges or corners. Keep cord away from heated surfaces.
- Do not unplug by pulling on the cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or appliance with wet hands.
- Do not allow foreign objects to enter the ventilation or exhaust openings.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Turn off all controls before unplugging.
- To avoid electric shock and fire hazards, plug directly into an appropriate electrical outlet (see voltage on unit) using cable provided (beneath unit).
- To reduce the risk of electrical shock, this appliance has a grounded plug (with a third prong). This plug will fit in a grounded outlet only one way. If it does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in any way. Do not use adapters.
- The appliance should not be used near the presence of oxygen tanks or other flammable gasses.
- Place the unit in a location away from the wall that allows air to move freely into, around and out of the unit.

## Save These Instructions

Congratulations on your purchase of an Aerus Guardian Angel Air Purification System, a portable HEPA air filtration system! With proper care and maintenance your GuardianAngel will provide years of reliable service and improve the quality of the air you breathe.

## Aerus Guardian Angel: Five-Stage Filtration

### Stage 1: Washable Prefilter (Service No. 49386)

The prefilter prolongs the life of the HEPA filter by removing large particulates before they can reach the HEPA filter. Clean the prefilter when it becomes visibly covered with dust. See page 6 for cleaning instructions. *Replace the prefilter if it no longer fits snugly around the HEPA filter, or if it gets damaged.*

### Stage 2: HEPA Filter (Service No. 49385)

HEPA — High Efficiency Particulate Air filter is 99.97% efficient at removing particles as small as 0.3 microns in size from the air. See replacement instructions on page 8.

### Stage 3: Carbon Layer with TiO<sub>2</sub> Coating

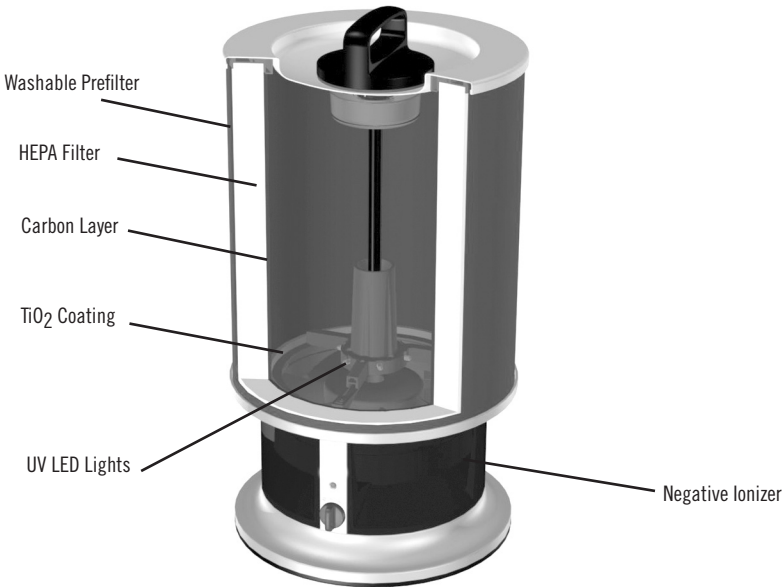

The filter cartridge contains a carbon layer to remove household chemicals that may off-gas from household cleaners, paints, solvents, carpets, furniture and other materials containing chemical substances. The titanium dioxide (TiO<sub>2</sub>) coating reacts with the UV light to create photocatalytic oxidation.

### Stage 4: UV LED Light

A photocatalytic oxidation reaction occurs when the UV light strikes the titanium dioxide (TiO<sub>2</sub>) coating on the inside of the filter cartridge to eliminate harmful contaminants in the environment.

### Stage 5: Negative Ionization

Lastly, negative ionization occurs which charges particles so they will clump together, making them easier to remove from the air.

## Recommended Placement

- Place in a location that allows air to circulate freely in, out, and around the unit. The minimum acceptable distance from another object is 4 inches or 10 centimeters.
- Set the unit on a dresser, desk or other piece of sturdy furniture.
- Do not place the unit:
  - Directly on or against soft furnishings, such as bedding or curtains.
  - Near sources of heat, such as radiators, fireplaces or ovens.
  - Near wet areas, such as bathrooms or laundry rooms, where it may come in contact with water.
  - Outdoors

## Operating Instructions

1. Plug the cord into a grounded wall outlet and turn the unit on by twisting the easy to use knob one click to the right for low speed, or two clicks for high speed.
2. The blue operating light will glow, indicating the unit is working.
3. Use on high speed for fast, initial cleaning of the air, or for very polluted air.
4. After initial cleaning, adjust to the speed most comfortable for you and your environment.

### PLEASE NOTE:

- **THE FIRST TIME YOU USE YOUR GUARDIAN ANGEL** let the unit run on the high-speed setting for several hours before using in a room. This gives the unit time to stir up and filter out excess dust. It is also a good idea to vacuum and dust the room before using the unit for the first time. After the initial cleaning period, let the unit run continuously. Use the high-speed setting for maximum performance.
- **DO NOT SIT ON THE UNIT OR PLACE ANYTHING HEAVY ON TOP OF IT.**

## Cleaning your Aerus Guardian Angel

Use a soft, damp cloth to clean the unit. You can also use a non-abrasive cleaner. Do not let water get into the filters or the motor/fan housing. Unplug the unit from the electric outlet before using a damp cloth to clean the unit.

## Cleaning the Guardian Angel Prefilter

Clean the prefilter when it becomes visibly covered with dust. Wash it in your washing machine gentle cycle or hand-wash it with warm water and detergent. Let it air dry thoroughly before replacing it. Replace the prefilter if it no longer fits snugly around the HEPA filter, or if it gets damaged.

## Filter Replacement Instructions

### Prefilter Replacement (Service No. 49386)

1. Turn the unit off and unplug it.
2. Unscrew the handle on the top of the unit to the left (counterclockwise) several turns until it can be lifted off. (A)
3. Lift off the top and lift off the HEPA filter cartridge. (B)
4. Remove the used prefilter. Follow washing instructions on page 4, or if necessary, carefully discard it in a plastic bag.
5. Pull the cleaned prefilter or the new prefilter over the filter cartridge so it fits snugly and covers the metal screen. (C)
6. Place the HEPA filter cartridge back on the unit and place the top back on the filter. Replace the handle and turn clockwise to tighten. Do not over-tighten the handle. (D)
7. Plug the unit in and turn it on.

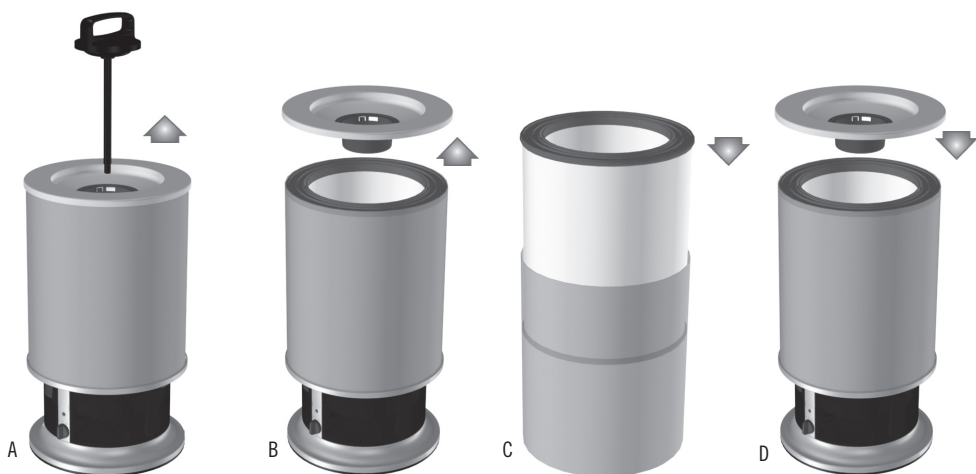

### HEPA Filter Cartridge Replacement (Service No. 49385)

1. Turn the unit off and unplug it.
2. Unscrew the handle on the top of the unit to the left (counterclockwise) several turns until it can be lifted off. (A)
3. Lift off the top and lift off the filter cartridge. Remove the prefilter and metal screen. Discard the filter cartridge. (B)
4. Replace with a new HEPA Filter Cartridge. Place the metal screen on the HEPA filter then place a new prefilter over the HEPA cartridge.
5. Place the top back on the filter. Replace the handle and turn clockwise to tighten. Do not over-tighten the handle (D)
6. Plug the unit in and turn it on.

#### HEPA Filter Cartridge Replacement

As the HEPA filter captures particulates, it will darken over time. Replace the HEPA filter when it darkens to example D.

A. New      B. Used      C. Used      D. Replace

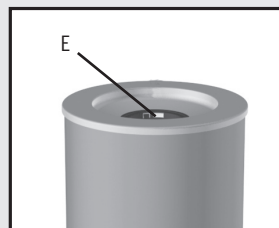

### AROMATHERAPY PACKETS (Service No. 49387)

Enjoy aromatherapy with your GuardianAngel portable air filtration system. Now you can relax, entice or stimulate your mind and body while you breathe cleaner, healthier air!

Simply unscrew and remove the handle, then drop an aromatherapy packet into the essence container (E). Replace the handle, turn on the unit and enjoy.

Ask your Authorized Aerus Consultant about aromatherapy or odor-destroying packets for your GuardianAngel air filtration system.

**PLEASE NOTE: AROMATHERAPY PACKETS ARE NOT RECOMMENDED FOR PEOPLE WITH SEVERE ASTHMA OR ALLERGIES.**

# GuardianAngel Specifications

**DIMENSIONS:** 18.7" x 10"

**WEIGHT:** 9.2 lb

**AIR FLOW (C.F.M.):** 43 - 120 CFM

**SERVICE AREA:**

On high speed:

108 sq. ft. = 8.5 ACH

375 sq. ft. = 2.5 ACH

**POWER CONSUMPTION:**

Low – 16 watts

High – 28 watts

**HEPA SURFACE AREA:** 25.3 sq.ft.

**CLASSIFICATION**

Portable HEPA (High Efficiency Particulate Air) 100%

Sealed Air Cleaning Device

**MOTOR/FAN**

- Designed for continuous operation
- ETL approved

**CONTROL:** 3-position, 2-speed knob

## LIMITED FIVE YEAR WARRANTY

**What is Covered by this Warranty** - Aerus warrants the Guardian Angel, to the consumer subject to the conditions below, against defects in workmanship or material, provided that the products are returned to an Aerus location within the following time periods: 5 years from the date of purchase on the motor & fan; 1 year from the date of purchase on all other parts (except filters).

**Maintenance Requirements** - Failure to use and maintain your Guardian Angel in accordance with your Owner's Manual will void this warranty. Servicing your Guardian Angel by parties other than an authorized Aerus location and/or using filters and parts other than genuine Aerus filters and parts will also void this warranty.

**How to Obtain Warranty Service** - Upon contacting and returning, at consumer's sole cost and expense, the product with proof of purchase (including purchase date) to an Aerus location within the above time period, Aerus will repair or replace and return the product, without charge and within a reasonable period of time, if its examination discloses any part to be defective in workmanship or material. If Aerus is unable to repair the product after a reasonable number of attempts, Aerus will provide either a refund of the purchase price or a replacement unit, at Aerus's option.

**What is Not Covered by this Warranty** - This product is intended for household use only. Ordinary wear and tear shall not be considered a defect in workmanship or material. These warranties do not apply for loss or damage caused by accident, fire, abuse, misuse, modification, misapplication, commercial use, or by any repairs other than those provided by an authorized Aerus location.

**Exclusion of Other Warranties and Conditions** - EXCEPT AS PROVIDED HEREIN, AERUS MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND. ALL OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, ARE HEREBY EXPRESSLY DISCLAIMED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

**Limitation of Liability for Special, Incidental or Consequential Damages** - AERUS SHALL NOT IN ANY CASE BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM BREACH OF EXPRESS OR IMPLIED WARRANTIES, CONDITIONS, GUARANTEES OR REPRESENTATIONS, BREACH OF CONTRACT, NEGLIGENCE OR ANY OTHER LEGAL THEORY. Such excluded damages include, but are not limited to, loss of profits or revenue and loss of the use of the products.

**For U.S. Application Only** - This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow limitations on warranties, or on remedies for breach. In such states, the above limitations may not apply to you.

**For Canadian Application Only** - Exclusion of Subsequent Owners: Except as otherwise required by applicable legislation, this warranty is not transferable. This warranty gives you specific legal rights and you may also have other rights which vary from province to province. Some provinces and territories do not allow limitations on warranties, or on remedies for breach. In such provinces or territories, the above limitations may not apply to you.

If any provision of this warranty or part thereof is held by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions or parts thereof will not in any way be affected or impaired within the jurisdiction of that court. This entire warranty shall continue to be valid, legal and enforceable in any jurisdiction where a similar determination has not been made.
