↳ more shoulder/knee
space compared with
desk chairs

• new price nearly \$100

↳ requires casters

HOSALI brand \$19.89

Amazon 5-pack

INSTRUCTION MANUAL

© 2024 Superjare All rights reserved

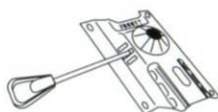

NOTES

- Make sure that you have all parts in place before assembly.
- Don't over-tighten the screws until all the parts are in place. Failure to follow the instructions may cause misalignment of screws.
- Adult assembly required. Keep all parts and packaging material away from children during the installation. Children should not use it without adults' supervision.
- DO NOT use the chair as a step stool/ladder.
- DO NOT swivel abruptly or quickly while sitting in the stool.
- Please protect your stool from sharp objects to avoid scratches.
- The seat will drop 2-5 cm due to different weights, please don't worry, it's a normal phenomenon and won't affect the use.
- Screws can be loose after many time uses, please check them regularly to be sure all the screws are tightened securely.
- If any parts were missing, broken or wrong delivered, stop using the chair. Turn to us for help immediately.
- Please don't leave the stools outdoors, or expose them to direct sunlight, wind, rain and seasonal temperature for a long time, as it may wreak havoc on the color and shorten the service time.
- Max.load capacity: 350 lbs .

S5

Allen Wrench x1

Note: Extra parts will be presented as spare use.

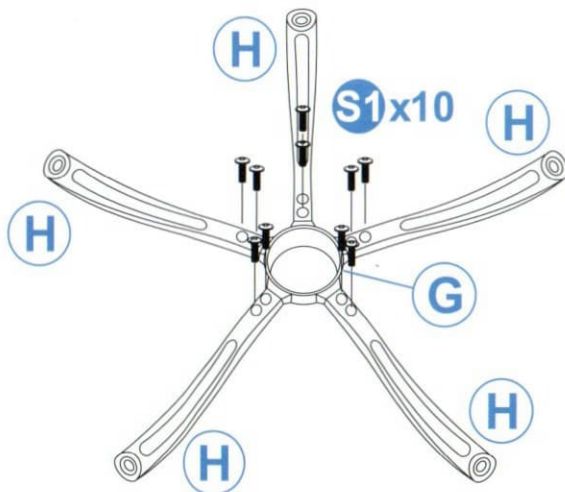

(PROVIDED)

INSTALLATION STEPS

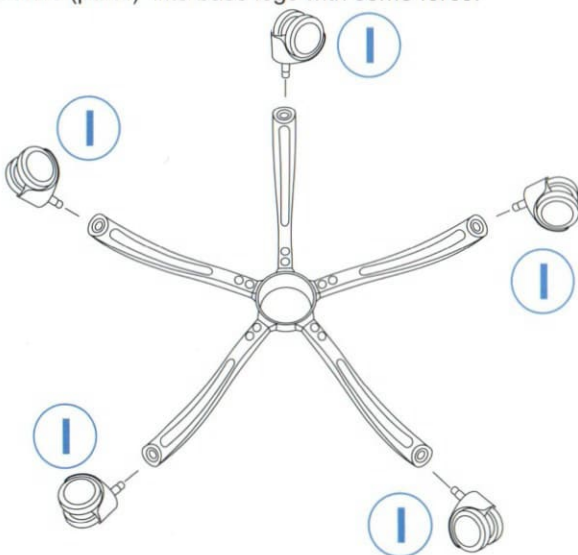

Step1

Note: Connect the base (part G) and 5 base legs (part H) with 10 screws S1.

Step2

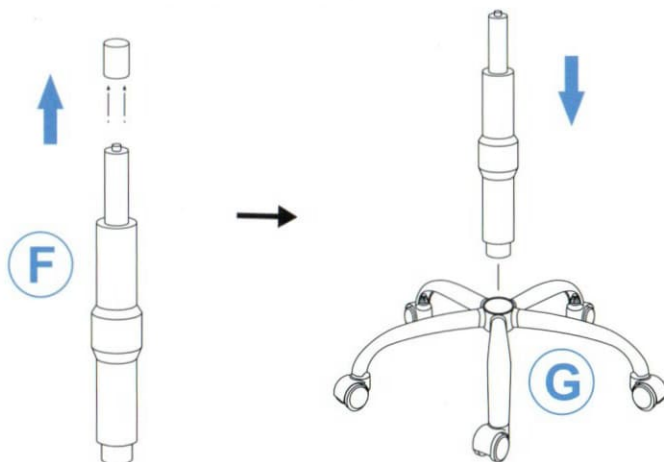

Note: Insert 5 casters (part I) into base legs with some force.

INSTALLATION STEPS

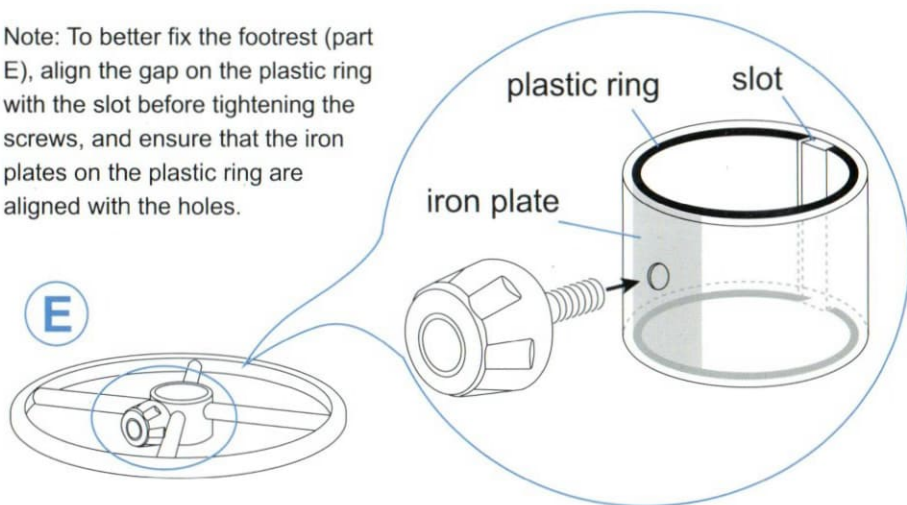

Step3

Note: Firstly, remove the protective cap on top of the gas lift (part F) as illustrated. Then keep the base stable and insert the gas lift into the base vertically. Insert the gas lift into the footrest as illustrated.

Step4

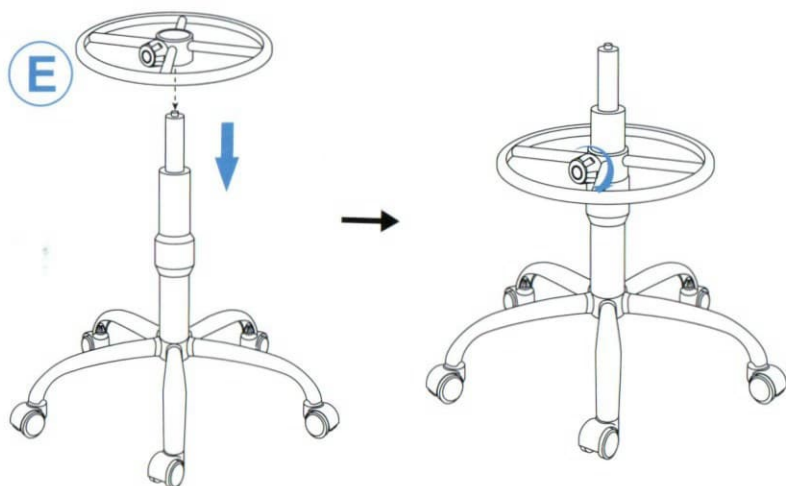

Note: To better fix the footrest (part E), align the gap on the plastic ring with the slot before tightening the screws, and ensure that the iron plates on the plastic ring are aligned with the holes.

INSTALLATION STEPS

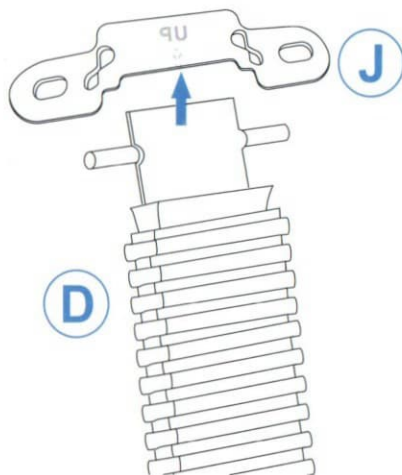

Step5

Note: Before tightening the bolt on the footrest, make sure that the footrest has been stuck on the metal ring of the gas lift.

Step6

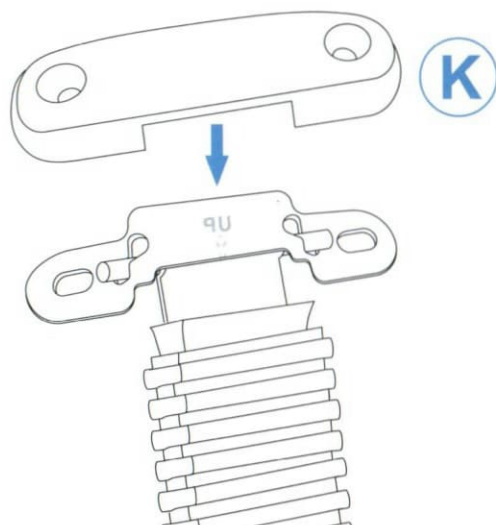

Note: Connect the back support (part D) and the metal piece (part J) as illustrated. During installation, pay attention to the "UP" mark on the metal piece (part J).

INSTALLATION STEPS

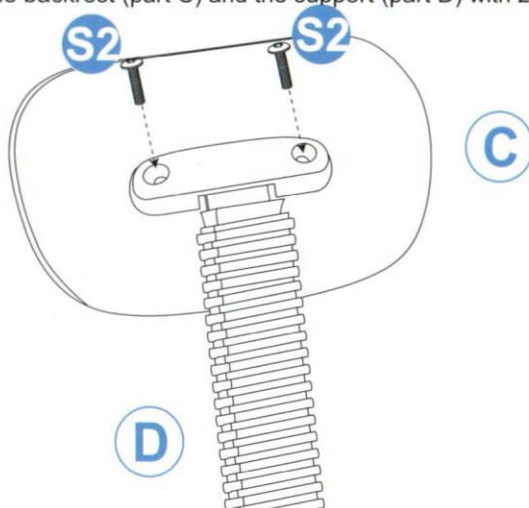

Step7 •

Note: Put the boat-shaped plastic cover (part K) over the metal piece. When installing, place the notched part of the plastic cover (part K) downward.

Step8 •

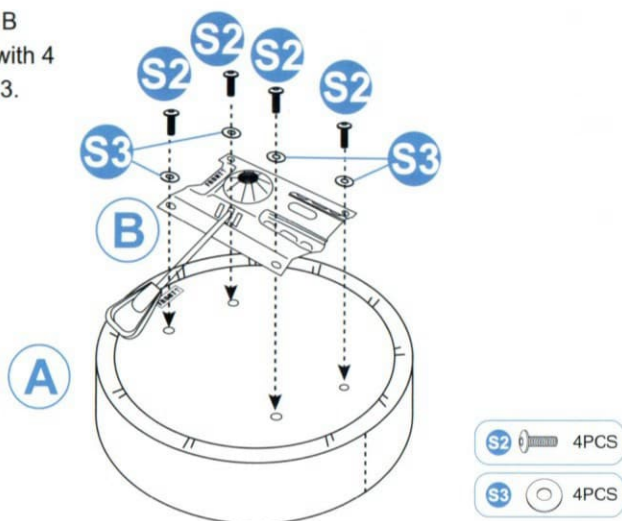

Note: Connect the backrest (part C) and the support (part D) with 2 screws (part S2).

INSTALLATION STEPS

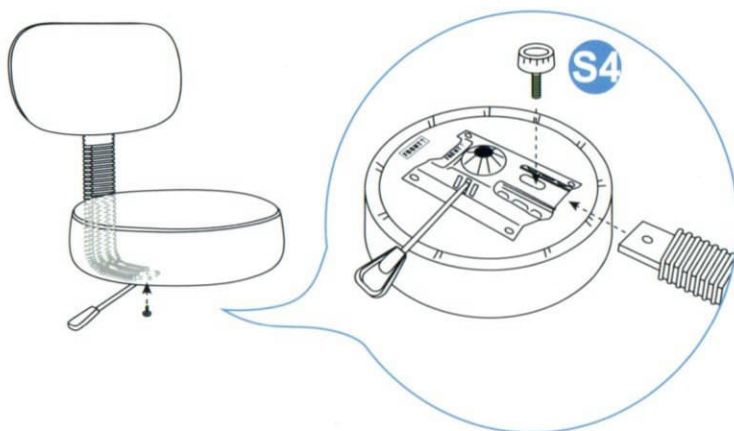

Step9

Note: Fix the support part B under the seat cushion A with 4 screws S2 and washers S3. Pay attention to the logo "FRONT ↑".

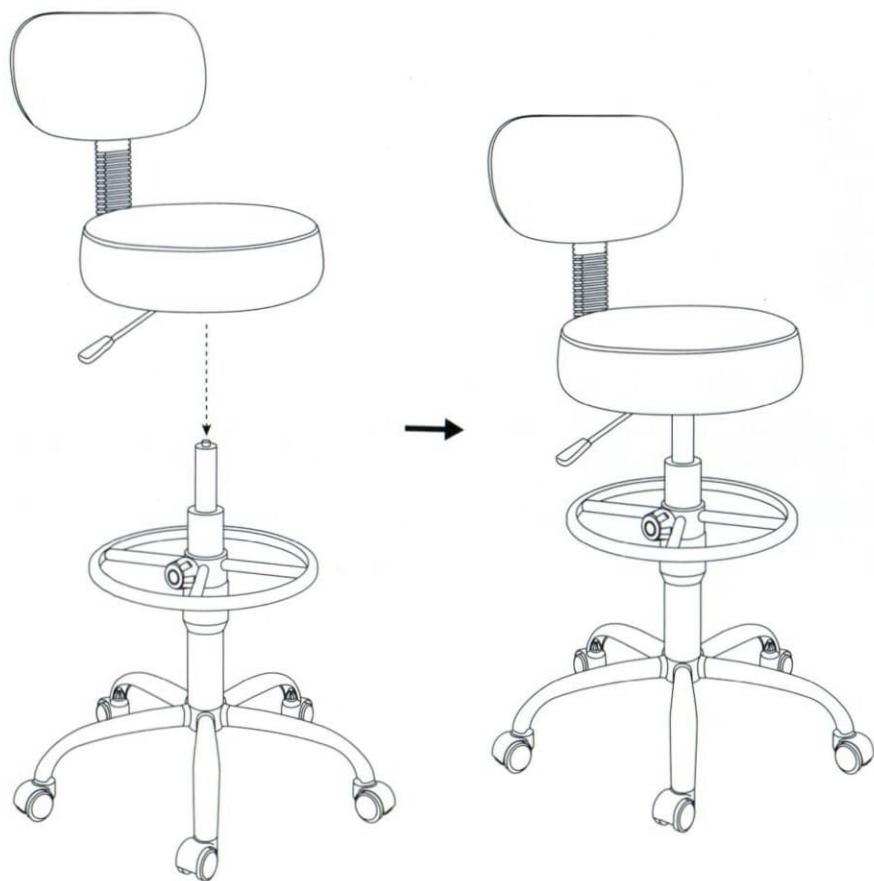

Step10

Note: Connect the support part and the backrest with S4.

INSTALLATION STEPS

Step 11
